**NINGBO KAIXING LEISURE PRODUCTS CO.,LTD**

# Kaixing Introduction

To meet people's requirement on outdoor furnishing, Ningbo Kaixing Leisure Products Co., Ltd was found in 2007. As only ten year passed, we keep on moving our steps through improving our quality of products with competitive price.

In order to fill in the new market segment, we have built a new plant which has more than 10,000 square meters. Together with an energetic management team, a creative R&D team, a scrupulous QC team and professional experienced workers, KAIXING is offering products with stylish design and refined handcraft all over the world. Based on our good quality, high efficiency is also one of our concerns. Therefore, our new plant with new production line can ensure that your orders will be finished in shorter lead time and also with customer-friendly prices.

Philosophy: We are not only making one piece of a stylish chair or table, but a kind of life style, a kind of life attitude, that let full kiss the sunshine, as much as one likes hug the natural.
